

DurhamEnable

A brighter future for inclusive employment

An Introduction to DurhamEnable

excellent
model
fidelity

The Background

DurhamEnable delivers Supported Employment across County Durham.

Supported Employment is a delivery model specifically designed to best support disabled and/or Neurodiverse people who have varying complex support requirements to enter and sustain paid work.

FACT: It works.....

Who is it for?

Durham Residents aged 18+ and not in employment or FT Education

- Learning Disabilities/Difficulties
- Neurodiverse individuals
- Physical or Sensory disabilities
- Those with Mental Health difficulties (receiving support from primary care/early help/community partners).

You do not need to have an assessed care need/EHCP or to prove your disability/diagnosis to get our support.

How does it work?

An Assessment in October 2023 rated us as an excellent provider!

To date we have supported over 180 people into work. Many have:

- Never worked before,
- Told they could never work,
- Shut down at interviews,
- Continually lost their job,
- Suffered poor health because of being in the wrong environment

What's the future hold for DurhamEnable?

Durham Enable's services will continue into 2024 and beyond.

Referrals and Access to the Team

We have a stall outside, please come and chat

We can do home or community visits, reach out!

Others can make referrals for you including SEND Casework teams, Social Workers, Job Centre Advisors. We have 80+ referral partners!
