

PAID OPPORTUNITIES FOR PARENT CARERS

Contact is a national charity for families with disabled children. We provide information, advice, and support, and bring families together so they can support each other.

To help us achieve this, we work with a group of freelance family support consultants who help us deliver a wide and flexible support service to parent carers of disabled children. Our freelance team deliver workshops and webinars on behalf of Contact to groups of parent carers and/or practitioners- both online and in-person.

To support more families, we are looking to increase the number of freelance Family Support Consultants who work with us in this way.

We're looking for people who:

- Have experience of supporting other families of children and young people with disabilities.
- Have experience delivering training or workshops to groups.
- Are confident in the use of digital tools like Zoom to deliver training (or are willing to learn - we can help!)
- Have an awareness of matters that affect parent carers and children with disabilities.
- Are committed to Equal opportunity practice, Safeguarding and GDPR.

What we offer:

- Fairly paid opportunities.
- Flexible delivery times either online, in-person or a combination.
- All training delivery materials are provided.
- Opportunities to upskill and develop your knowledge.
- Ongoing contact and support from experts within our organisation.
- Networking opportunities.
- Information on setting up as a freelancer

We welcome expressions of interest and further discussion from all people with relevant experience and skills, and particularly welcome candidates from diverse backgrounds. If you'd like to hear more, please contact:
